

APPROXIMATE* CURRENT COSTS FOR U.S. NAVY FOR MAINTAINING SUGAR GROVE STATION AT MAINTENANCE LEVEL II

Level II is when facilities and infrastructure are placed in an unoccupied state where systems are aligned to maintain the facilities, prevent damage and maintain the operational capacity. Facilities are monitored regularly to inspect for damage and to insure that systems are still operational

Caretaker Costs:	\$24,000 per month. This includes the requirement for the contractor to do small service calls (<\$1,000). Tasks >\$1,000 are handled individually.
Grounds:	\$6,300 per month
Electricity:	\$6,000 per month
Gas:	\$1,200 per month in summer / \$5,000 per month in winter

*Please note these figures are **approximate** and are provided by the Navy to provide general information to prospective bidders. Individual needs may vary.
