If, however, this lease is revoked, the Lessee shall vacate the premises, remove said property and restore the premises to the aforesaid condition. In either event, if the Lessee

shall fail or neglect to remove said property and restore the premises, then, at the option of the said officer, the property shall either become the property of the United States without compensation therefor, or the said officer may cause the property to be removed and no claim for damages against the United States or its officers or agents shall be created by or made on account of such removal and restoration work. The Lessee shall also pay the United States on demand any sum which may be expended by the United States after the expiration, revocation, or termination of this lease in restoring the premises.

### **14. SUBJECT TO EASEMENTS**

This lease is subject to all existing easements, or those subsequently granted as well as established access routes for roadways and utilities located, or to be located, on the premises, provided that the proposed grant of any new easement or route will be coordinated with the Lessee, and easements will not be granted which will, in the opinion of the District Engineer, interfere with the use of the premises by the Lessee.

### **15. SUBJECT TO MINERAL INTERESTS**

This lease is subject to all outstanding mineral interests. As to federally owned mineral interests, it is understood that they may be included in present or future mineral leases issued by the Bureau of Land Management (BLM) which has responsibility for mineral development on federal lands. The Secretary will provide lease stipulations to BLM for inclusion in said mineral leases that are designed to protect the premises from activities that would interfere with the Lessee's operations or would be contrary to local law.

### **16. TERMINATION**

This lease may be terminated by the Lessee at any time by giving the District Engineer at least 30 days notice in writing. Administrative fees previously paid under paragraph 2 of this lease will not be refunded or prorated by the United States for early termination of the lease by Lessee.

There shall not be conducted on or permitted upon the premises any activity which would constitute a nuisance. The Lessee shall not sell, or permit the sale of beer or other intoxicating liquors on the premises.

**b.** The Lessee shall not construct or place any structure, improvement or advertising sign or allow or permit such construction or placement without prior written approval of the District Engineer.

## **18. NATURAL RESOURCES**

The Lessee shall cut no timber, conduct no mining operations, remove no sand, gravel, or kindred substances from the ground, commit no waste of any kind, nor in any manner substantially change the contour or condition of the premises except as authorized in writing by the District Engineer.

## **19. DISPUTES CLAUSE**

**a.** Except as provided in the Contract Disputes Act of 1978 (41 U.S.C. 601-613) (the Act), all disputes arising under or relating to this lease shall be resolved under this clause and the provisions of the Act.

**b.** "Claim", as used in this clause, means a written demand or written assertion by the Lessee seeking, as a matter of right, the payment of money in a sum certain, the adjustment of interpretation of lease terms, or other relief arising under or relating to this lease. A claim arising under this lease, unlike a claim relating to this lease, is a claim that can be resolved under a lease clause that provides for the relief sought by the Lessee. However, a written demand or written assertion by the Lessee seeking the payment of money exceeding \$50,000 is not a claim under the Act until certified as required by subparagraph c.(2) below. The routine request for rental payments that is not in dispute is not a claim under the Act. The request may be converted to a claim under the Act, by this clause, if it is disputed either as a liability or amount or is not acted upon in a reasonable time.

**c.** (1) A Claim by the Lessee shall be made in writing and submitted to the District Engineer for a written decision. A claim by the Government against the Lessee shall be subject to a written decision by the District Engineer.

(2) For Lessee claims exceeding \$50,000, the Lessee shall submit with the claim a certification that--

(i) the claim is made in good faith; and

(ii) supporting data are accurate and complete to the best of the Lessee's knowledge and belief;

(iii) and the amount requested accurately reflects the lease adjustment for which the Lessee believes the Government is liable.

(3) (i) If the Lessee is an individual, the certificate shall be executed by that individual.

(ii) If the Lessee is not an individual, the certification shall be executed by --

(A) a senior company official in charge of the Lessee's location involved; or

(B) an officer or general partner of the Lessee having overall responsibility of the conduct of the Lessee's affairs.

**d.** For Lessee claims of \$50,000 or less, the District Engineer must, if requested in writing by the Lessee, render a decision within 60 days of the request. For Lessee-certified claims over \$50,000, the District Engineer must, within 60 days, decide the claim or notify the Lessee of the date by which the decision will be made.

**e.** The District Engineer's decision shall be final unless the Lessee appeals or files a suit as provided in the Act.

**f.** At the time a claim by the Lessee is submitted to the District Engineer or a claim by the Government is presented to the Lessee, the parties, by mutual consent, may agree to use alternative means of dispute resolution. When using alternate dispute resolution procedures, any claim, regardless of amount, shall be accompanied by the certificate described in paragraph c.(2) of this clause, and executed in accordance with paragraph c.(3) of this clause.

**g.** The Government shall pay interest on the amount found due and unpaid by the Government from (1) the date the District Engineer received the claim (properly certified if required), or (2) the date payment otherwise would be due, if that date is later, until the date of payment. Simple interest on claims shall be paid at the rate, fixed by the Secretary of the Treasury as provided in the Act, which is applicable to the period during which the District Engineer receives the claim and then at the rate applicable for each 6-month period as fixed by the Treasury Secretary during the pendency of the claim. Rental

amounts due to the Government by the Lessee will have interest and penalties as set out in the condition on CONSIDERATION.

**h.** The Lessee shall proceed diligently with the performance of the lease, pending final resolution of any request for relief, claim, or action arising under the lease, and comply with any decision of the District Engineer.

## **20. ENVIRONMENTAL PROTECTION**

**a.** Within the limits of their respective legal powers, the parties to this lease shall protect the premises against pollution of its air, ground, and water. The Lessee shall comply with any laws, regulations, conditions, or instructions affecting the activity hereby authorized if and when issued by the Environmental Protection Agency, or any Federal, state, interstate or local governmental agency having jurisdiction to abate or prevent pollution. The disposal of any toxic or hazardous materials within the premises is specifically prohibited. Such regulations, conditions, or instructions in effect or prescribed by said Environmental Protection Agency, or any Federal, State, interstate or local governmental agency are hereby made a condition of this lease. The Lessee shall not discharge waste or effluent from the premises in such a manner that the discharge will contaminate streams or other bodies of water or otherwise become a public nuisance.

**b.** The Lessee will use all reasonable means available to protect the environment and natural resources, and where damage nonetheless occurs from activities of the Lessee, the Lessee shall be liable to restore the damaged resources.

**c.** The Lessee must obtain approval in writing from said officer before any pesticides or herbicides or applied to the premises.

## **21. HISTORIC PRESERVATION**

The Lessee shall not remove or disturb, or cause or permit to be removed or disturbed, any historical, archeological, architectural or other cultural artifacts, relics, remains or objects of antiquity. In the event such items are discovered on the premises, the Lessee shall immediately notify said officer and protect the site and the material from further disturbance until said officer gives clearance to proceed.

## **22. SOIL AND WATER CONSERVATION**

The Lessee shall maintain, in a manner satisfactory to said officer, all soil and water conservation structures that may be in existence upon said premises at the beginning of or that may be constructed by the Lessee during the term of this lease, and the Lessee shall take appropriate measures to prevent or control soil erosion within the premises. Any soil erosion occurring outside the premises

resulting from the activities of the Lessee shall be corrected by the Lessee as directed by the said officer.

**23. TAXES**

Any and all taxes imposed by the state or its political subdivisions upon the property or interest of the Lessee in the premises shall be paid promptly by the Lessee. If and to the extent that the property owned by the Government is later made taxable by State or local governments under an Act of Congress, the lease shall be renegotiated.

**24. COVENANT AGAINST CONTINGENT FEES**

The Lessee warrants that no person or selling agency has been employed or retained to solicit or secure this lease upon an agreement or understanding for a commission, percentage, brokerage, or contingent fee, excepting bona fide employees or established commercial or selling agencies maintained by the Lessee for the purpose of securing business. For breach or violation of this warranty, the United States shall have the right to annul this lease without liability or, in its discretion, to require the Lessee to pay, in addition to the lease rental or consideration, the full amount of such commission, percentage, brokerage, or contingent fee.

**25. OFFICIALS NOT TO BENEFIT**

No member of or delegate to congress or resident commissioner shall be admitted to any share or part of this lease or to any benefits to arise therefrom. However, nothing herein contained shall be construed to extend to any incorporated company if this lease is for the general benefit of such corporation or company.

**26. SEVERAL LESSEES**

If more than one Lessee is named in this lease the obligations of said Lessees herein contained shall be joint and several obligations.

**27. MODIFICATIONS**

This lease contains the entire agreement between the parties hereto, and no modification of this agreement, or waiver, or consent hereunder shall be valid unless the same be in writing, signed by the parties to be bound or by a duly authorized representative and this provision shall apply to this condition as well as all other conditions of this lease.

**28. DISCLAIMER**

This lease is effective only insofar as the rights of the United States in the premises are concerned; and the Lessee shall obtain any permit or license which may be required by Federal, state, or local statute in connection with the use of the premises. It is understood that the granting of this lease does not preclude the necessity of obtaining a Department of the Army permit for activities which involve the discharge of dredge or fill material or the placement of fixed structures in the waters of the United States, pursuant to the provisions of Section 10 of the Rivers and Harbors Act of 3 March 1899 (33 USC 403), and Section 404 of the Clean Waters Act (33 USC 1344).
