## **11. TITLE EVIDENCE**

Any bidder, at its sole cost and expense, may procure any title evidence that the said bidder desires. The Government will, however, cooperate with the Purchaser or their authorized agent in this transaction, and will permit examination and inspection of such deeds, abstracts, affidavits of title, judgments in condemnation proceedings, or other documents relating to the title of the premises and Property involved, as it may have available. It is understood and agreed that the Government is not obligated to pay for any expense incurred in connection with title matters or survey of the Property.

## **12. TITLE**

If a bid for the purchase of the Property is accepted, a quitclaim deed or a deed without warranty in conformity with local law and practice will convey the Government's interest. The Government does not pay for or provide title insurance.

## **13. EASEMENTS, ENCROACHMENTS AND RESERVATIONS**

The Property will be sold subject to any and all covenants, reservations, easements, restrictions, encroachments, and rights, recorded or unrecorded, in favor of third parties, for highways, streets, power lines, telephone lines and equipment, pipelines, drainage, sewer and water mains and lines, public utilities, public roads, railroads and other rights-of-way, and any easements, reservations, rights and covenants reserved by the Grantor herein.

## **14. COVENANT AGAINST CONTINGENT FEES**

The Purchaser warrants that he or she has not employed or retained any person or agency to solicit or secure this contract upon any agreement or understanding for commission, percentage, brokerage, or contingent fee. Breach of this warranty shall give the Government the right to annul the contract without liability or in its discretion to recover from the Purchaser the amount of such commission, percentage, brokerage, or contingent fee in addition to the consideration herewith set forth. This warranty shall not

apply to commissions payable by the Purchaser upon the contract secured or made through bona fide established commercial agencies maintained by the Purchaser for the purpose of doing business. "Bona fide established commercial agencies" has been construed to include licensed real estate brokers engaged in the business generally.

### **15. CONTINUING OFFERS**

Each bid received shall be deemed to be a continuing offer for sixty (60) calendar days after the close of the online auction until the bid is accepted or rejected by the Government.

If the Government desires to accept any bid after the expiration of the sixty (60) calendar days, the consent of the bidder shall be obtained prior to such acceptance.

### **16. TENDER OF PAYMENT AND DELIVERY OF INSTRUMENT OF CONVEYANCE**

Prior to closing, the Purchaser or Purchaser's agent must open an escrow account with an independent, unaffiliated escrow company ("Escrow Holder") to handle the closing. All closing costs, including escrow fees and document handling expenses, shall be borne solely by the Purchaser. As part of the closing, the Government will provide escrow instructions to the Escrow Holder regarding the recording, disposition of proceeds and related matters.

The closing date of the sale is sixty (60) calendar days after acceptance of the bid. Upon written agreement by the Government, the Purchaser may close the transaction prior to the sixty (60) calendar day period.

On the closing date, the Purchaser shall tender to the Purchaser's Escrow Holder the balance of the purchase price in the form of a cashier's check, certified check or electronic wire transfer. Upon confirmation that Purchaser's wire transferred funds have been received by the Government or that Purchaser's funds by check have been confirmed to the satisfaction of the Government, the Government shall deliver to the Purchaser the instrument, or instruments, of conveyance. Possession of the Property will be assumed by the Purchaser at the time of closing. The Government reserves the right to extend the closing date for a reasonable amount of time.

### **17. DELAYED CLOSING**

Any change to the established closing date is subject to the written approval by the Government. The Government reserves the right to refuse a request for extension of closing. However, if the Government grants an extension, the Purchaser may be required to pay either: (i) a liquidated damages assessment of \$5,000.00 per day; or (ii) interest on the outstanding balance of the purchase price, whichever is greater, if the closing of the sale is delayed, and the delay is caused, directly or indirectly, by the Purchaser's action or inaction and not by any action on the part of the Government. The interest rate shall be computed based on the yield of 10-year United States Treasury maturities as reported by the Federal Reserve Board in "Federal Reserve Statistical Release H.15" plus 1-1/2% rounded to the nearest one-eighth percent (1/8%) as of the date of bid acceptance. The Government may impose additional terms and conditions to grant an extension.

### **18. CLOSING COSTS, DOCUMENTARY STAMPS AND COST OF RECORDING**

All closing costs, including escrow and financing fees, shall be borne solely by the Purchaser. The Purchaser shall pay all taxes and fees imposed on this transaction and shall obtain at Purchaser's own expense and affix to all instruments of conveyance and security documents such revenue and documentary stamps as may be required by Federal, state and local law.

All instruments of conveyance and security documents shall be placed on record in the manner prescribed by local recording statutes at the Purchaser's expense.

Within five (5) business days from receipt of the executed deed, the Purchaser shall record the quitclaim deed in the official records of the county. The Purchaser shall provide GSA a conformed copy of the recorded quitclaim deed within five (5) business days of recording to the following address:

U.S. General Services Administration  
Real Property Utilization and Disposal (7PZ)  
819 Taylor Street, Room 11A30  
Fort Worth, TX 76102

Attn: William Morgan

## 19. OFFICIALS NOT TO BENEFIT

No member or delegate to the Congress, or resident commissioner shall be admitted to any share or part of the contract of sale or to any benefit that may arise therefrom, but this provision shall not be construed to extend to the contract of sale if made with a corporation for its general benefit. GSA employees are prohibited from bidding on the Property offered in the IFB.

## 20. CAPACITY TO CONTRACT

Bidders must have the legal capacity ability to enter into a contract in order to bid and acquire Property.

## 21. ANTITRUST LAWS

The Government may rescind the acceptance of any bid, in case unfavorable advice is received from the Attorney General, without liability on the part of the Government other than to return any and all deposits held by the Government without interest.

## 22. SPECIFIC CONDITIONS PRECEDENT TO CLOSING AND CONVEYANCE OF QUITCLAIM DEED BY GOVERNMENT (Provisions Specific to Parcel B only):

- a. The Colorado Department of Public Health and Environment Hazardous Materials and Waste Management Division (CDPHE) is aware that GSA is considering conveying title of the Property to a new owner pursuant to the terms of this Agreement. The Denver Federal Center (DFC) is regulated under the Hazardous Waste Corrective Action Compliance Order on Consent No. 97-07-18-01 (Consent Order) that GSA entered into with CDPHE in 1997. The Parcel covered under the Consent Order is described in Parcel 2.
- b. On October 13, 2013 CDPHE approved a Corrective Measures Work Plan with the Government and in the 2014 calendar year physical work required to implement that plan was completed. **In order for the CDPHE to determine that the engineered controls portion of the Property is no longer subject to the GSA Consent Order, the Purchaser hereby covenants and agrees that it will deliver to CDHPE its Application for an enforceable Corrective Action Plan (the "CAP Application") under the Colorado Hazardous Waste Regulations (6 Code of Colorado Regulations 1007-3, Section 100.26) with the Division prior to Closing and conveyance of the Property.** A true and correct copy of the form CAP Application to be utilized by the Purchaser is attached hereto as **Exhibit A**, which is hereby incorporated and made a part hereof.
- c. **In further reliance by the Government and as a material part of the consideration offered by the Purchaser by this Offer which shall survive the Closing and conveyance of the Quitclaim Deed, the Purchaser further specifically covenants and agrees that the Purchaser to fully comply with all terms, conditions, restrictions, notices and agreements contained in the the Notice of Environmental Use Restriction recorded on April 17, 2017, Reception No. 2017039916, in the Office of the Jefferson County Clerk. The CDPHE CAP Application and the CDPHE approval will become effective upon conveyance of the Property. NOTWITHSTANDING THE FOREGOING AND AS A ADDITIONAL CONDITIONAL PRECEDENT PRIOR TO CLOSING, PURCHASER MUST PROVIDE WRITTEN PROOF THAT CDHE HAS ACCEPTED AND APPROVED THE CAP APPLICATION BEFORE THE GOVERNMENT WILL DELIVER THE DEED CONVEYING THE PROPERTY TO THE PURCHASER.**

- d. CDPHE will assign the engineered controls property with a new U.S. EPA Identification Number for tracking purposes. The requirements for future operation and maintenance are specified in the CDPHE NW Corner Landfill Cover O&M Plan. Solid waste and residual contamination above unrestricted use levels remain beneath the engineered controls, special material handling and disposal procedures will have to be followed if future owners of the Property or their agents wish to disturb the engineering controls themselves or the material beneath them. The special procedures for this area are specified in the Division approved NW Corner Landfill Cover Materials Handling Plan.
- e. The CAP Application also provides a mechanism for CDPHE to review and approve the design and construction plans for structures to be built on the NW Corner Landfill Cover. CDPHE anticipates that this CAP Application will only be required until major redevelopment of the NW Corner Landfill Cover property is complete pursuant to approved design and construction plans. After such development of the property is substantially complete, the CAP will likely no longer be necessary and may be closed out by CDPHE.
- f. Nothing in the preceding shall prohibit the installation or use of monitoring or remedial wells as authorized in a remedial decision document or environmental sampling plan approved by CDPHE.
- g. Nothing in the preceding shall prohibit groundwater extraction/management arising from construction dewatering which is conducted in compliance with applicable wastewater discharge regulations.
- h. While the Property is owned by the federal government, the Grantor shall conduct construction dewatering in accordance with U.S. Environmental Protection Agency Clean Water Act National Pollutant Discharge Elimination System (NPDES) permit program requirements.
- i. Upon conveyance of the Property to the Purchaser, the Purchaser shall secure a Construction Dewatering Permit in accordance with the Colorado Water Quality Control Act (25-8-101 et. seq. C.R.S, 1973 as amended) prior to any dewatering activities. In such event, the Purchaser must notify the Department's Water Quality Control Division that the groundwater is contaminated and that a restrictive notice has been imposed.

### **23. Environmental Reports:**

The State of Colorado, CDPHE, maintains an electronic library of official environmental documentation relating to the DFC as a whole and the subject property. CDPHE's offers online access of this library which can be found at <https://www.colorado.gov/pacific/cdphe/hmwmd-records-review>. The Government represents and warrants that it has provided to the Purchaser, or has provided access to the Purchaser to review, all of the reports, data, assessments, evaluations or other documents or materials GSA has in its possession or control regarding the prior or current environmental condition of the Property. GSA is not aware of any other reports, data, assessments, evaluations or other documents or materials in the possession or control of any other federal agency regarding the prior or current environmental condition of the Property.

## 6. BIDDING IN GENERAL

GSA Auctions® provides up-to-date information on your bidding status. You can check the bidding status by clicking on the Bid History.

- b. Bids received through [RealEstateSales.gov](http://RealEstateSales.gov) are date and time stamped Central Time. - d. Bidders that are currently in default status on GSAAuctions®, for non-payment or non-removal of items, will not be allowed to place bids for real property. For more information, review the GSAAuctions® [Terms and Conditions](#).

## 7. CONTINUOUS BIDDING RESULTS AND AUCTION INFORMATION

Bidders are strongly encouraged to monitor bidding activity at [RealEstateSales.gov](http://RealEstateSales.gov). Bidders may also review bid activity by clicking on the "My Messages" tab once logged in. New bids are immediately posted at [RealEstateSales.gov](http://RealEstateSales.gov) upon receipt. If you no longer have the high bid and the sale has not closed, you can go back to the item and place another bid. Bids cannot be lowered or canceled.

If your bid is not accurately shown on [RealEstateSales.gov](http://RealEstateSales.gov), then you should call GSA at (817) 307-7651 or (817) 978-2331. Bidders are urged to pay close attention to [RealEstateSales.gov](http://RealEstateSales.gov) which will contain new, revised, and useful information regarding the high bid, modification to bid increment and the closing date of the auction that is subject to change. Bidder agrees and accepts that notices of any changes to the terms and conditions of sale or instructions to bidders is satisfactory when made available on either or both of GSA's real property disposal websites at [RealEstateSales.gov](http://RealEstateSales.gov) and/or [Disposal.GSA.gov](http://Disposal.GSA.gov).

## 8. ONLINE BIDDING

[RealEstateSales.gov](http://RealEstateSales.gov) allows you to place either a flat or automatic ("proxy") bid. A flat bid is for an amount at least the current bid plus the posted minimum Bid Increment. If the bid is greater than another bidder's automatic bid, the system will consider this flat bid as the current (winning) bid. If the bid is less than or equal to another bidder's automatic bid, the system will record the bid but it will not be considered the current (winning) bid. The required minimum bid will be specified on the bid screen and once entered it will be displayed as the winning bid unless an automatic bid that is greater than this amount has been placed.

An automatic bid is an amount that you set above the posted minimum bid. [Realestatesales.gov](http://Realestatesales.gov) will use as much of your bid as needed to make you the current winner of the auction or to meet the auction's reserve price. The system will automatically apply the minimum Bid Increment up to the total amount bid to make you the current winner of the auction or to meet the auction's reserve price. Your automatic bid amount is not shown to other bidders until it is reached through competitive bidding. You may change your bid amount but not less than the next bid increment amount. If the system reaches your automatic bid limit, it stops bidding for you. Submit another bid if you want to continue bidding. If you selected to receive e-mail notifications during registration, the system will notify you if you are no longer holding the winning bid. You can submit another flat bid or reset your automatic bid amount if you want to continue

bidding. Your automatic bid is not shown to other bidders. If a reserve price is set, [RealEstateSales.gov](https://RealEstateSales.gov) will use as much of your bid as needed to meet the reserve price.

When two automatic bids compete, the greater of the two always wins. If the greater automatic limit does not exceed the lesser automatic limit by the full stated Bid Increment, then the greater automatic limit bid is placed. You may increase or decrease your automatic bid limit at any time. You cannot decrease your automatic bid below the current bid. If you are currently the winner in an auction, increasing your automatic bid will not increase your current bid until challenged by another bid. Changing your automatic bid may affect the indicated time remaining.

If you learn from [RealEstateSales.gov](https://RealEstateSales.gov) that your bid was not the high bid, or if another bidder exceeds your previous high bid, you may increase your bid at [RealEstateSales.gov](https://RealEstateSales.gov) until such time as bidding is closed. Increases in previously submitted bids are welcome and your Registration Deposit will apply to subsequent increased bids. All increased bids must be made online. **The Government reserves the right to modify the Bid Increment at any time prior to the close of the auction.**

## 9. TRANSMISSION AND RECEIPT OF BIDS

The Government will not be responsible for any failure attributable to the inability of the bidder to transmit or the Government to receive registration information, bid forms or a bid by any method. Failure to receive registration information, bid forms or a bid may include, but is not limited to the following:

- a. Receipt of a garbled or incomplete bid.
- b. Availability or condition of the sending or receiving electronic equipment.
- c. Incompatibility between the sending and receiving equipment and software.
- d. Malfunctioning of any network, computer hardware or software.
- e. Delay in transmission or receipt of a bid.
- f. Failure of bidder to properly identify the bid.
- g. Security of bid data.
- h. Inability of bidder to enter bid. For example: due to lost or forgotten password or system lock due to repeated login failures.
- i. Unavailability of GSA personnel.

If your bid is not accurately shown or you cannot enter a bid at [RealEstateSales.gov](https://RealEstateSales.gov) then you should call GSA at (817) 307-7651 or (817) 978-2331 for assistance.

The Website will NOT be available during the following system maintenance windows:

- Saturday: 5:00 a.m. to 8:00 a.m. CT
- Sunday: 6:00 a.m. to 10:00 a.m. CT

The Website may NOT be available during the following system maintenance window:

- Wednesday: 5:00 a.m. to 6:30 a.m. CT

Occasionally, technical problems will interrupt the bidding process for an unspecified amount of time. These interruptions may affect some or all bidders. In the event of an interruption, an evaluation of the length of interruption time and the numbers of bidders affected may prompt GSA Auctions<sup>SM</sup> to extend the closing time for an auction. Extension may range from 1 hour to 24 hours based on the aforementioned criteria, to insure fair and full competition. An email notification will be sent to those bidders who participated in these auctions when they are extended.

## 10. AUCTION CLOSE

The Government will announce a date and time for the close time on [RealEstateSales.gov](https://RealEstateSales.gov). The Government will also set a Bid Interval or "challenge" period for bids. The time remaining countdown clock announces the time left to bid. The high bid must survive the Bid Interval without challenge, usually

within 24 hours of the auction close time, to win. If the high bid on the announced date and close time survives the full Bid Interval period without challenge, then bidding will close at the stated time and consideration for bid acceptance will be given to the High Bidder.

a. *Bid Interval of 24 hours:* If an increased bid is received within the time remaining and the Bid Interval is 24 hours, then bidding will be held over for an additional Bid Interval (excluding Weekends [from 12:00 a.m. Saturday until 11:59 p.m. Sunday] and Federal holidays, as defined on the U.S. Office of Personnel Management's website), beginning at the time the increased bid is placed. This process will continue until the high bid survives the full Bid Interval period unchallenged. Although auctions with a Bid Interval of 24 hours may not close over the weekend or on a Federal holiday, bids may be received during such times.

*Example 1:* If an auction with a Bid Interval of 24 hours had a close time of 9:00 p.m. on Friday and a bid was placed at 7:30 p.m. Friday, the auction would close at 7:30 p.m. on Monday.

*Example 2:* If an auction with a Bid Interval of 24 hours had a close time of 4:00 p.m. on Monday and a bid was placed at 5:00 p.m. Sunday, the auction would close at 5:00 p.m. on Monday.

b. *Bid Intervals up to and including 4 hours:* For Bid Intervals of up to and including 4 hours, the auction will not close during non-business hours, Weekends or Federal holidays and bidding will continue to the next business day. Business hours for GSAuctions.gov are 8 a.m. to 5 p.m. Central Time and Weekends and Federal holidays are defined as set forth in paragraph 10.a., above. When an auction is extended after a new bid and if what would be the new close time falls outside of business hours, or on a weekend or Federal holiday, then the auction will close on the next business day with a close time of 8 a.m. (beginning of business hours) plus the Bid Interval time. Although auctions with a Bid Interval of up to and including 4 hours may not close during non-business hours, weekends, or on a Federal holiday, bids may be received during such times.

*Example:* If an auction with a Bid Interval of 4 hours had a close time of 5:00 p.m. Wednesday receives a bid at 4:00 p.m. Wednesday, the auction would close at 12:00 p.m. on Thursday (8 a.m. plus 4 hours).

**The Government reserves the right to increase or decrease the Bid Interval at any time prior to the close of the auction.** Bidder agrees that notices of changes to the sale are satisfactory when made available on the Website at [RealEstateSales.gov](http://RealEstateSales.gov).

## **11. ACCEPTABLE BID**

An acceptable bid is one received from a responsible bidder, whose bid, conforming to this IFB, will be most advantageous to the Government.

## **12. BID EXECUTED ON BEHALF OF BIDDER**

A bid executed by an attorney or agent on behalf of the bidder shall be accompanied by an authenticated copy of their Power of Attorney or other evidence of their authority to act on behalf of the bidder.

If the bidder is a corporation, the Certificate of Corporate/Organization Bidder, included in this IFB, must be executed. The certificate must be executed under the corporate seal by some duly authorized officer of the corporation other than the officer signing the bid. In lieu of the Certificate of Corporate Bidder, there may be attached to the bid, copies of so much of the records of the corporation as will show the official character and authority of the officer signing, duly certified by the secretary or assistant secretary, under the corporate seal, to be true copies.

If the bidder is a partnership, and all partners sign the bid, with a notation that they are all general partners, the Government will not ordinarily require any further proof of the existence of the partnership. If all the partners do not sign the bid, then the names of all those except limited partners must be furnished on the bid and the Government, in its discretion, may require evidence of the authority of the signer(s) to execute the bid on behalf of the partnership. The name(s) and signature(s) of the designated bidder(s) must be included on the Bidder Registration and Bid Form.

If the bidder is a limited liability company, a certificate of the LLC must be completed and executed by the manager and submitted with the Bidder Registration Form. The Certificate of Corporate/Organization Bidder form may be used for this purpose.

### 13. NOTICE OF ACCEPTANCE OR REJECTION

Notice by the Government of acceptance or rejection of the bid shall be deemed to have been sufficiently given when faxed or mailed or e-mailed to the bidder or their duly authorized representative at the fax number, physical address or e-mail address indicated on the Bid Form. The processing of a registration deposit by the Government shall not, in itself, constitute acceptance of the bidder's offer. The Government reserves the right to reject any or all bids or portions thereof for any reason.

### 14. AUCTION SUSPENSION OR CANCELLATION

The Government reserves the right to temporarily suspend or cancel the auction for any reason without accepting a bid and resume the auction or start a new auction at any time. In the event of a temporary suspension due to technical problems, or other bidding issues, the Government will determine the high bidder and the high bid amount, re-open bidding and allow the auction to proceed according to the bidding terms described herein. The Government reserves the right to cancel the sale at any time and Registration Deposits will be returned to bidders without interest or further obligation by the Government.

### 15. INCREASE OF EARNEST MONEY AND TRANSACTION CLOSING

**Within three (3) business days** of acceptance of a bid by the Government, the Purchaser agrees to deposit Earnest Money in the form of a bank certified or cashier's check or wired funds transfer, equal to at least ten percent (10%) of the total bid in addition to any prior credit card deposits. Failure to provide these funds will result in a default and forfeiture of the Registration Deposit. Upon receipt of the Earnest Money deposit, applicable credit card registration deposits may be refunded.

Upon written acceptance of a bid, the Earnest Money shall be applied towards payment of the Purchaser's obligation to the Government. The full balance of the purchase price in the form of a certified check, cashier's check or electronic wire transfer is payable **within sixty (60) calendar days** after acceptance of bid. At the time of closing, all monies paid by the Purchaser will be credited, without interest, toward the total purchase price.

### 16. CDPHE APPLICATION

**Within Five (5) business days** of acceptance of the highest bid received by the Government, the Purchaser agrees to have delivered, for CDPHE review, the "*Corrective Action Plan Application for Post Corrective Measure Operation and Maintenance of the Northwest Corner Landfill Cover Formerly Part of the Denver Federal Center, Lakewood Colorado.*" (CDPHE Application) **FAILURE TO PROVIDE AND CONFIRM RECEIPT OF THE APPLICATION BY CDPHE WILL RESULT IN A DEFAULT AND FORFEITURE OF ANY EARNEST MONEY.**

**Within Twenty-five (25) days of acceptance of the highest bid received by the Government, in order to assure compliance with the IFB terms and conditions, Purchaser must have received an approval of their application from CDPHE.** The Purchaser should expect that CDPHE may require additional information and **interested Bidders should contact CDPHE with respect to the nature of that additional information.** The transferred CDPHE Application must be in a form acceptable to the Government as well as CDPHE. **Unless otherwise agreed to in writing by the Government, if Purchaser is unwilling or unable to obtain approval from CDPHE prior to closing, any registration deposit(s) and Earnest Money paid may be forfeited at Government's discretion.**

### 17. REFUND OF REGISTRATION DEPOSITS

Registration Deposits accompanying bids that are rejected will be refunded to bidders without interest. Bidders who provided Registration Deposits by check may elect to receive the refund by U.S. Treasury check or by an electronic funds transfer (EFT). Bidders will be required to provide GSA with a Taxpayer Identification Number (TIN) to ensure the proper refund of the Registration Deposit by the U.S. Treasury. The TIN may be either a Social Security Number (SSN) or an Employer Identification Number (EIN). The use of an individual's SSN is subject to the Privacy Act of 1974 (5 U.S.C. Section 552a), and will be

collected only for the proper refund of the Registration Deposit. Refunds will only be processed to the same individual or entity identified by the TIN. Bidders requesting to receive a refund by EFT will be required to provide additional information to GSA including bank account information to process the refund. Registration Deposits provided by credit card will be credited to the same account number provided.

Upon receipt of the Earnest Money described in Page 19 Paragraph 15, credit card deposits may be refunded.

Registration Deposits received from the second highest bidder will be held as stipulated in Page 20 Paragraph 18, Backup Bidder. All other Registration Deposits will be processed for refunds after the last day of the auction or upon written request to withdraw from the auction unless the bidder is the first or second highest bidder. Refunds by U.S. Treasury check or by EFT will be processed in a timely manner but may require several weeks to complete. Refunds to a credit card will usually be processed within three business days.

## **18. BACKUP BIDDER**

The second-highest bidder will be the Backup Bidder. The bid of the Backup Bidder may be considered for acceptance for the duration of Continuing Offer period described in Terms of Sale, Paragraph 15, Continuing Offers, if: 1) the original High Bidder is unable to fully complete the transaction according to the terms and conditions of the IFB; or 2) if the original High Bidder fails to provide the required 10% of the purchase price as Earnest Money. The Bidder identified as the Backup Bidder agrees that their Bid remains a bona fide offer with which their Registration Deposit may be retained without interest, until the High Bidder provides the 10% Earnest Money or completes the transaction or both, at the Government's discretion. During the Continuing Offer period, the Bidder identified as the Backup Bidder agrees that they will not request retrieval, chargeback or any other cardholder refund and understands that a debt to the United States of America may be created if their deposits are in any way unavailable to the Government to which any party that participates in such chargeback or refund may be held accountable as provided in Terms of Sale, Page 10, Paragraph 9, Revocation of Bid and Default. When the Backup Bidder is converted to the High Bidder, all terms, conditions and agreements described in the IFB are applicable to the successful bidder.

The Registration Deposit of the Backup Bidder will be returned as described in Page 19 Paragraph 17, Refund of Registration Deposits, if the Backup Bidder is not converted to the High Bidder. In the event that the Government is unable to complete the transaction with the highest or backup bidder, the Government reserves the right to consider the remaining bid(s) and accept a bid that is in the best interest of the Government.

## **19. ADDITIONAL INFORMATION**

GSA will provide additional copies of this IFB and make every effort to answer requests for additional information concerning the Property to facilitate preparation of bids. ## **20. WAIVER OF INFORMALITIES OR IRREGULARITIES**

The Government may, at its election, waive any minor informality or irregularity in bids received.

## NOTICES AND COVENANTS

---

The following Notice and Covenants will be inserted in the Quitclaim Deed.

### 1. HAZARDOUS SUBSTANCE NOTIFICATION

- a. Notice Regarding Hazardous Substance Activity. Pursuant to 40 C.F.R. § 373.2 and Section 120(h)(3)(A)(i) of the Comprehensive Environmental Response, Compensation, and Liability Act of 1980 (“CERCLA”), as amended, 42 U.S.C. § 9620(h)(3)(A)(i), and based upon a complete search of agency files, the Government gives notice that **Attachment B**, attached hereto and incorporated herein by reference, contains a true and correct list of all Hazardous Substances that have been Released, disposed of or stored for one year or more on the Property.
- b. CERCLA Covenant. Pursuant to 42 U.S.C. § 9620(h)(3)(A)(ii), the Government hereby covenants and warrants that all remedial action necessary to protect human health and the environment has been taken before the date of the conveyance of the Property. The Government covenants that it shall take any additional remedial action found to be necessary after the date of the conveyance regarding any Hazardous Substance located on the Property on the date of the conveyance. This covenant shall not apply:
  - 1) This covenant shall not apply:
    - (a) in any case in which Grantee, its successor(s) or assign(s), or any successor in interest to the Property or part thereof is a Potentially Responsible Party (PRP) with respect to the Property immediately prior to the date of this conveyance; OR
    - (b) to the extent that such additional response action or part thereof found to be necessary is the result of an act or failure to act of the Grantee, its successor(s) or assign(s), or any party in possession after the date of this conveyance that either:
      - (i) results in a Release or threatened Release of a Hazardous Substance that was not located on the Property on the date of this Quitclaim Deed; OR causes or exacerbates the Release or threatened Release of a Hazardous Substance the existence and location of which was known and identified to Grantee as of the date of this Quitclaim Deed; OR
      - (ii) in the case of a Hazardous Substance previously unknown by Grantor and Grantee as of the date of this Quitclaim Deed but that is thereafter discovered by Grantee, its successors or assigns, or any party-in-possession and where, after such discovery, Grantee, its successors or assigns, or any party-in-possession thereafter causes or exacerbates a Release or threatened Release of such Hazardous Substance.
  - 2) In the event Grantee, its successors or assigns, or any successor-in-interest to all or any portion of the Property, as applicable, seeks to have the Government conduct any additional Response pursuant to the CERCLA covenant, Grantee, its successors or assigns, or any successor-in-interest to all or any portion of the Property, as applicable, shall provide the Government written notice within forty-five (45) calendar days of when such event becomes known to the party-in-possession of all or any portion of the Property, as applicable. Such notice shall include, to the extent known, a description of the type, amount, location and cause of the alleged Release or threat of Release of the Hazardous Substance involved, and the Response, if any, undertaken by Grantee, its successors or assigns, or any successor-in-interest to all or any portion of the Property, as applicable.
- c. Access. Pursuant to 42 U.S.C. § 9620(h)(3)(A)(iii), the Government reserves for itself, and its officers, agents, employees, and contractors, a grant of access to and entry upon all portions of the Property for environmental investigation, Response, or other corrective action. This reservation includes, at no cost to the Government, the grant of access to the Property, and use of available utilities at reasonable cost to the Government. These rights shall be exercisable in any case in which a Response or other corrective action by the Government is found to be necessary after the date of the conveyance, or in which access is necessary to carry out

Response or other corrective action on adjoining property as a result of a Release or threat of Release on the Property or adjoining property. Pursuant to this reservation, the Government, and its officers, agents, employees, and contractors, shall have the right (upon reasonable advance written notice to the record title owner) to enter upon the Property and conduct investigations and surveys, which may include drilling, test-pitting, borings, data and records compilation, and other activities related to environmental investigation, as needed, and to carry out Response or other corrective action as required or necessary, including, but not limited to, the installation and operation of monitoring wells, pumping wells and treatment facilities. Any such entry, and associated activities, shall be coordinated with the record title owner and shall be performed in a manner that minimizes interruption with activities of authorized occupants of the Property and minimizes intrusion and damage to the Property and any improvements thereon. The Government agrees to complete any necessary Response or other corrective action affecting the Property only to the extent required by and in accordance with applicable Environmental Laws, subject to available funding. For purposes of this subsection, the term "Environmental Laws" shall mean any and all federal, state or local laws, statutes, rules, regulations, ordinances, codes, judicial and administrative orders, consents, decrees, writs, injunctions, and judgments concerning or relating to, pollution, the use, generation, manufacture, storage, Release, discharge, or disposal of Hazardous Substances or the protection of the environment, public health, welfare and safety (including occupational safety and health). Notwithstanding the foregoing, nothing contained in this grant of access shall be construed to limit or prohibit Grantee, its successors and assigns, or any successor-in-interest to all or any portion of the Property, as applicable, from seeking appropriate legal recourse from the Government, in the event that any remedial or other corrective action results in a Government taking of any portion of or injury to the Property arising under federal or applicable state law.

- d. Non-Interference. Grantee covenants and agrees for itself, its successors and assigns, and every successor-in-interest to all or any portion of the Property, that any party occupying any portion of the Property shall not interfere, hinder or prevent the Government, and its officers, agents, employees, and contractors, in conducting any necessary environmental investigations, Response, other corrective action, monitoring, or oversight activity undertaken on the Property or adjoining property in accordance with Section 12.d, above. Grantee, its successors and assigns, and every successor-in-interest to all or any portion of the Property, shall be responsible for such compliance only during the time of their respective ownership or possession of the Property and shall not be liable for non-compliance by any other party at any other time.

## 2. ASBESTOS CONTAINING MATERIALS

- a. Bidders are warned that the Property contains asbestos-containing materials. Unprotected or unregulated exposures to asbestos in product manufacturing, shipyard, and building construction workplaces have been associated with asbestos-related diseases. Both the Occupational Safety and Health Administration (OSHA) and the Environmental Protection Agency (EPA) regulate asbestos because of the potential hazards associated with exposure to airborne asbestos fibers. Both OSHA and EPA have determined that such exposure increases the risk of asbestos-related diseases, which include certain cancers and which can result in disability or death.
- b. Bidders are invited, urged, and cautioned to inspect the Property to be sold prior to submitting a bid. More particularly, bidders are invited, urged, and cautioned to inspect the Property as to its asbestos content and condition, and any hazardous or environmental conditions relating thereto. The Government will assist bidders in obtaining any authorization(s) which may be required in order to carry out any such inspection(s). Bidders shall be deemed to have relied solely on their own judgment in assessing the overall condition of all or any portion of the Property including, without limitation, any asbestos hazards or concerns.
- c. No warranties either express or implied are given with regard to the condition of the Property including, without limitation, whether the Property does or does not contain asbestos or is or is not safe for a particular purpose. The failure of any bidder to inspect, or to be fully informed as to

the condition of all or any portion of the Property offered, will not constitute grounds for any claim or demand for adjustment or withdrawal of a bid or offer after its opening or tender.

- d. The description of the Property set forth in this IFB and any other information provided therein with respect to said Property is based on the best information available to the disposal agency and is believed to be correct, but an error or omission, including but not limited to the omission of any information available to the agency having custody over the Property and/or any other Federal agency, shall not constitute grounds or reason for nonperformance of the contract of sale, or any claim by the Purchaser against the Government including, without limitation, any claim for allowance, refund, or deduction from the purchase price.
- e. The Government assumes no liability for damages for personal injury, illness, disability or death, to the Purchaser, or to the Purchaser's successors, assigns, employees, invitees, licensees, or any other person subject to Purchaser's control or direction, or to any other person, including members of the general public, arising from or incident to the purchase, transportation, removal, handling, use, disposition, or other activity causing or leading to contact of any kind whatsoever with asbestos on the Property which is the subject of this sale, whether the Grantee, its successors or assigns has or have properly warned or failed properly to warn the individual(s) injured.
- f. The Grantee further agrees that in its use and occupancy of the Property it will comply with all Federal, state, and local laws relating to asbestos.

#### **4. PESTICIDES**

The Grantee is notified that the Property may contain the presence of pesticides that have been applied in the management of the property. The United States knows of no use of any registered pesticide in a manner inconsistent with its labeling, and believes that all applications were made in accordance with the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA -- 7 U.S.C. Sec. 136, et seq.), its implementing regulations, and according to the labeling provided with such substances. Furthermore, that in accordance with the Comprehensive Environmental Response, Compensation and Liability Act (CERCLA -- 42 U.S.C. Sec. 9601, et seq.), the use of such substances is not a "release" defined in CERCLA, 42 U.S.C. Sec. 9601 (22)), but instead the use of a consumer product in consumer use (42 U.S.C. Sec. 9601(9)), and the application of a pesticide product registered under FIFRA for which recovery for response costs is not allowed (42 U.S.C. Sec. 9607(i)).

**V. CERCLA NOTICES, COVENANTS AND RESERVATIONS AFFECTING PARCEL A**

This Quitclaim Deed is expressly made subject to the following CERCLA information and specific reservations, covenants and agreements in favor of Grantor, and its assigns.

**a. Notice Regarding Hazardous Substance Activity.** Pursuant to 40 C.F.R. § 373.2 and Section 120(h)(3)(A)(i) of the Comprehensive Environmental Response, Compensation, and Liability Act of 1980 (“CERCLA”), as amended, 42 U.S.C. § 9620(h)(3)(A)(i), and based upon a complete search of agency files, the Government gives notice that **Attachment E**, attached hereto and incorporated herein by reference, contains a true and correct list of all Hazardous Substances that have been Released, disposed of or stored for one year or more on the Property.

**b. Covenants.** Pursuant to 42 U.S.C. § 9620(h)(3)(A)(ii), the Government hereby covenants and warrants that all remedial action necessary to protect human health and the environment has been taken before the date of the conveyance of the Property. The Government covenants that it shall take any additional remedial action found to be necessary after the date of the conveyance regarding any Hazardous Substance located on the Property on the date of the conveyance. This covenant shall not apply:

(i) in any case in which Grantee, its successors or assigns, or any successor-in-interest to all or any portion of the Property is a Potentially Responsible Party (PRP) with respect to the Property immediately prior to the date of this Quitclaim Deed; OR

(ii) to the extent that such additional action or part thereof found to be necessary is the result of an act, or failure to act where there is an affirmative duty to act, of Grantee, its successors or assigns, or any party-in-possession after the date of this Quitclaim Deed that either:

- (a) results in a Release or threatened Release of a Hazardous Substance that was not located on the Property on the date of this Quitclaim Deed; OR causes or exacerbates the Release or threatened Release of a Hazardous Substance the existence and location of which was known and identified to Grantee as of the date of this Quitclaim Deed; OR
- (b) in the case of a Hazardous Substance previously unknown by Grantor and Grantee as of the date of this Quitclaim Deed but that is thereafter discovered by Grantee, its successors or assigns, or any party-in-possession and where, after such discovery, Grantee, its successors or assigns, or any party-in-possession thereafter causes or exacerbates a Release or threatened Release of such Hazardous Substance.

**c. Notice of Claim.** In the event Grantee, its successors or assigns, or any successor-in-interest to all or any portion of the Property, as applicable, seeks to have the Government conduct any additional Response pursuant to the CERCLA covenant, Grantee, its successors or assigns, or any successor-in-interest to all or any portion of the Property, as applicable, shall provide the Government written notice within forty-five (45) calendar days of when such event becomes known to the party-in-possession of all or any portion of the Property, as applicable. Such notice shall include, to the extent known, a description of the type, amount, location and cause of the alleged Release or threat of Release of the Hazardous Substance involved, and the Response, if any, undertaken by Grantee, its successors or assigns, or any successor-in-interest to all or any portion of the Property, as applicable.

**d. Access.** Pursuant to 42 U.S.C. § 9620(h)(3)(A)(iii), the Government reserves for itself, and its officers, agents, employees, and contractors, a grant of access to and entry upon all portions of the Property for environmental investigation, Response, or other corrective action. This reservation includes, at no cost to the Government, the grant of access to the Property, and use of available utilities at reasonable cost to the Government. These rights shall be exercisable in any case in which a

Response or other corrective action by the Government is found to be necessary after the date of the conveyance, or in which access is necessary to carry out Response or other corrective action on adjoining property as a result of a Release or threat of Release on the Property or adjoining property. Pursuant to this reservation, the Government, and its officers, agents, employees, and contractors, shall have the right (upon reasonable advance written notice to the record title owner) to enter upon the Property and conduct investigations and surveys, which may include drilling, test-pitting, borings, data and records compilation, and other activities related to environmental investigation, as needed, and to carry out Response or other corrective action as required or necessary, including, but not limited to, the installation and operation of monitoring wells, pumping wells and treatment facilities. Any such entry, and associated activities, shall be coordinated with the record title owner and shall be performed in a manner that minimizes interruption with activities of authorized occupants of the Property and minimizes intrusion and damage to the Property and any improvements thereon. The Government agrees to complete any necessary Response or other corrective action affecting the Property only to the extent required by and in accordance with applicable Environmental Laws, subject to available funding. For purposes of this subsection, the term "Environmental Laws" shall mean any and all federal, state or local laws, statutes, rules, regulations, ordinances, codes, judicial and administrative orders, consents, decrees, writs, injunctions, and judgments concerning or relating to, pollution, the use, generation, manufacture, storage, Release, discharge, or disposal of Hazardous Substances or the protection of the environment, public health, welfare and safety (including occupational safety and health). Notwithstanding the foregoing, nothing contained in this grant of access shall be construed to limit or prohibit Grantee, its successors and assigns, or any successor-in-interest to all or any portion of the Property, as applicable, from seeking appropriate legal recourse from the Government, in the event that any remedial or other corrective action results in a Government taking of any portion of or injury to the Property arising under federal or applicable state law.

**e. Non-Interference.** Grantee covenants and agrees for itself, its successors and assigns, and every successor-in-interest to all or any portion of the Property, that any party occupying any portion of the Property shall not interfere, hinder or prevent the Government, and its officers, agents, employees, and contractors, in conducting any necessary environmental investigations, Response, other corrective action, monitoring, or oversight activity undertaken on the Property or adjoining property in accordance with Section V.d, above. Grantee, its successors and assigns, and every successor-in-interest to all or any portion of the Property, shall be responsible for such compliance only during the time of their respective ownership or possession of the Property and shall not be liable for non-compliance by any other party at any other time.

**VI. Additional Environmental Notices, Covenants, Restrictions, Exceptions, and Agreements Covering the Parcel to be in Quitclaim Deed (Parcel A):**

**a. Pesticides Application.**

The Grantee is notified that the Property may contain the presence of pesticides that have been applied in the management of the property. The United States knows of no use of any registered pesticide in a manner inconsistent with its labeling, and believes that all applications were made in accordance with the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA -- 7 U.S.C. Sec. 136, et seq.), its implementing regulations, and according to the labeling provided with such substances. Furthermore, that in accordance with the Comprehensive Environmental Response, Compensation and Liability Act (CERCLA -- 42 U.S.C. Sec. 9601, et seq.), the use of such substances is not a "release" defined in CERCLA, 42 U.S.C. Sec. 9601 (22)), but instead the use of a consumer product in consumer use (42 U.S.C. Sec. 9601(9)), and the application of a pesticide product registered under FIFRA for which recovery for response costs is not allowed (42 U.S.C. Sec. 9607(i)).

**b. Notice of Petroleum Releases.**

(i) There is or has been a Release of Petroleum from an underground storage tank located on property west of the Parcel (the "Off-site Petroleum Release");

(ii) Contaminants that the Government believes are associated with the Off-site Petroleum Release have been detected in groundwater located beneath the Parcel; the Government believes concentrations of volatile organic compounds (VOCs) and methyl tertiary butyl ether (MTBE) are currently less than State of Colorado ground water quality standards;

(iii) The Government believes it has no obligations to respond to the Off-site Petroleum Release;

(iv) The State of Colorado has been notified of the Off-site Petroleum Release and has been taking enforcement actions against the entity determined to be responsible for such Release; and

(v) The State of Colorado shall have the right of access to all or any portion of the Property to respond to Off-site Petroleum Release(s), if required by the State, its officials, employees and agents, pursuant to applicable Environmental Laws.

**c. Asbestos –WARNING – Covenant and Release.**

(i) The Grantee is warned that the Property contains asbestos-containing materials. Unprotected or unregulated exposures to asbestos in product manufacturing, shipyard, and building construction workplaces have been associated with asbestos-related diseases. Both the Occupational Safety and Health Administration (OSHA) and the Environmental Protection Agency (EPA) regulate asbestos because of the potential hazards associated with exposure to airborne asbestos fibers. Both OSHA and EPA have determined that such exposure increases the risk of asbestos-related diseases, which include certain cancers and which can result in disability or death.

(ii) The Grantee is invited, urged, and cautioned to inspect the Property to be sold prior to submitting a bid. More particularly, the Grantee is invited, urged, and cautioned to inspect the Property as to its asbestos content and condition, and any hazardous or environmental conditions relating thereto. The Government will assist the Grantee in obtaining any authorization(s) which may be required in order to carry out any such inspection(s). The Grantee shall be deemed to have relied solely on their own judgment in assessing the overall condition of all or any portion of the Property including, without limitation, any asbestos hazards or concerns.

(iii) No warranties either express or implied are given with regard to the condition of the Property including, without limitation, whether the Property does or does not contain asbestos or is or is not safe for a particular purpose. The failure of the Grantee to inspect, or to be fully informed as to the condition of all or any portion of the Property offered, will not constitute grounds for any claim or demand for adjustment or withdrawal of a bid or offer after its opening or tender.

(iv) The description of the Property set forth in this IFB and any other information provided therein with respect to said Property is based on the best information available to the disposal agency and is believed to be correct, but an error or omission, including but not limited to the omission of any information available to the agency having custody over the Property and/or any other Federal agency, shall not constitute grounds or reason for nonperformance of the contract of sale, or any claim by the Grantee against the Government including, without limitation, any claim for allowance, refund, or deduction from the purchase price.

(v) The Government assumes no liability for damages for personal injury, illness, disability or death, to the Grantee, or to the Purchaser's successors, assigns, employees, invitees, licensees, or any other person subject to Grantee's control or direction, or to any other person, including members of the general public, arising from or incident to the purchase, transportation, removal, handling, use, disposition, or other activity causing or leading to contact of any kind whatsoever with asbestos on the Property which is the subject of this sale, whether the Grantee, its successors or assigns has or have properly warned or failed properly to warn the individual(s) injured.

(vi) The Grantee further agrees that in its use and occupancy of the Property it will comply with all Federal, state, and local laws relating to asbestos
