

IFB Addendum Number 1
Carysfort Reef Lighthouse
Offshore of Key Largo, FL
IFB Number: PEACH422004001
Issued: April 6, 2022

Addendum Number 1 is issued to provide the following information:

- A) Bidders are hereby notified that GSA determines bidders' eligibility for participation in the sale described in this IFB both upon registration and at prospective award. GSA validates prospective bidders' eligibility via the System for Award Management (SAM) Exclusions Extract (available at www.sam.gov > SAM Home > Data Access > Exclusion Interfaces). Accordingly, bidders may be required to provide their Social Security Number or Tax Identification Number prior to an award.
- B) Because the lights are located within the Florida Keys National Marine Sanctuary (FKNMS), permits will be required from the National Oceanic & Atmospheric Administration (NOAA) in advance of any work performed on the structures. NOAA regulates activity within the FKNMS, thus all activity in the sanctuary including the use of, and any work performed on the structures will be subject to NOAA permitting.
