The interest rate shall be computed based on the yield of 10-year United States Treasury maturities as reported by the Federal Reserve Board in "Federal Reserve Statistical Release H.15" plus 1-1/2% rounded to the nearest one-eighth percent (1/8%) as of the date of bid acceptance. The Government may impose additional terms and conditions to grant an extension.

5. LATE BIDS, INCREASE OF BIDS, OR WITHDRAWAL OF BIDS

a. Any bid received at the office designated in the solicitation after the exact time specified for receipt will not be considered unless it is resolved before award is made and either:

- (1) It was sent by registered or certified mail not later than the fifth (5th) calendar day prior to the date specified for the receipt of bids (e.g., a bid submitted in response to a solicitation requiring receipt of bids by the 20th of the month and must have been mailed by the 15th or earlier).
 - (2) It was sent by mail and it is determined by the Government that the late receipt was due solely to mishandling by the Government after receipt at the Government installation.
- b. Any increase or withdrawal of a bid is subject to the same conditions as in a. above. A bid may also be withdrawn in person by a bidder or his authorized representative, provided his identity is made known and signs a receipt for the bid, but only if the withdrawal is made prior to the exact time set for receipt of bids.
- c. The only acceptable evidence to establish:
- (1) The date of mailing of a late bid, increase of bid, or withdrawal sent either by registered or certified mail is the U.S. Postal Service postmark on the wrapper or on the original receipt from the U.S. Postal Service. (The term "postmark" means a printed, stamped, or otherwise placed impression that is readily identifiable without further action as having been supplied and affixed on the date of mailing by employees of the U.S. Postal Service).
 - (2) The time of receipt at the Government installation is the time-date stamp of such installation on the bid wrapper or other documentary evidence of receipt maintained by the installation.
- d. Notwithstanding c. 1) and c. 2) above, a late increase of an otherwise successful bid which makes it terms more favorable to the Government will be considered at any time it is received and may be accepted.
- e. Bidders using certified or registered mail are cautioned to obtain a receipt showing a legible, dated postmark and to retain such receipt against the chance that it will be required as evidence that a late bid was timely mailed.

6. BID FORM AND DEPOSIT

- a. Bidding is a three-step process:
- (1) Complete Bid Form: Bids must be submitted in duplicate on the Bid Form accompanying this IFB, and all information and certification called for thereon must be furnished. Bids submitted in any other manner or which fail to furnish all information or certifications required may be summarily rejected. While faxed or scanned bid forms will not be considered, unless specifically authorized in the IFB, bids may be modified or withdrawn by written request prior to the time fixed in this IFB for the opening of bids. Bids shall be filled out legibly with all erasures, strikeouts, and corrections initialed by the person signing the bid and the bid must be manually signed. Negligence on the part of the bidder in preparing the bid confers no right for withdrawal or modification of the bid after it has been opened. In submitting a bid, only return the Bid Form (in duplicate) with your deposit. Retain all other documents, including one copy of the Bid Form, for your record. You may register as either an individual or as a company and this information must be the same information provided on the Bidder Registration and Bid Form for Purchase of Government Real Property.

Money orders and checks issued by commercial organizations engaging in a principal business other than financial services will not be accepted. Personal or company checks are NOT acceptable and will be returned to the sender with their bid as nonresponsive.

- (3) Deliver Sealed Bid and Bid Deposit in accordance with the instructions in Paragraph 2, Type of Sale and Paragraph 4, Bid Envelopes.

7. BIDS TO BE OPENED AT THE SPECIFIED TIME

It shall be the duty of each bidder to see that their bid is delivered at the time and place prescribed in this Invitation for Bids. Bids (including increases) received prior to the time fixed in this Invitation for Bids for the opening of bids will be securely kept unopened. No bid, bid increase or withdrawal, received after the time fixed in this Invitation for Bids for the opening of bids will be considered except as provided above. 8. BID EXECUTED ON BEHALF OF BIDDER

A bid executed by an attorney or agent on behalf of the bidder shall be accompanied by an authenticated copy of their Power of Attorney or other evidence of their authority to act on behalf of the bidder.

If the bidder is a corporation, the Certificate of Corporate/Organization Bidder, included in this IFB, must be executed. The certificate must be executed under the corporate seal by some duly authorized officer of the corporation other than the officer signing the bid. In lieu of the Certificate of Corporate Bidder/Organization Bidder, there may be attached to the bid, copies of so much of the records of the corporation as will show the official character and authority of the officer signing, duly certified by the secretary or assistant secretary, under the corporate seal, to be true copies.

If the bidder is a partnership, and all partners sign the bid, with a notation that they are all general partners, the Government will not ordinarily require any further proof of the existence of the partnership. If all the partners do not sign the bid, then the names of all those except limited partners must be furnished on the bid and the Government, in its discretion, may require evidence of the authority of the signer(s) to execute the bid on behalf of the partnership. The name(s) and signature(s) of the designated bidder(s) must be included on the Bid Form.

If the bidder is a limited liability company, a certificate of the LLC must be completed and executed by the manager and submitted with the Bidder Registration Form. The Certificate of Corporate/Organization Bidder form may be used for this purpose.

Changes to title may be considered after bid acceptance at the discretion of the Government. If you wish to participate as an individual and a representative of a company, you must register separately for each and place bids accordingly.

9. ACCEPTABLE BID

An acceptable bid is one received from a responsible bidder, whose bid, conforming to this IFB, will be most advantageous to the Government. Bids that fail to include a sum certain Bid Amount, or that make reference to other bids, will be rejected as non-responsive to the IFB. **In the event of a tie bid, the deciding winner will be determined by drawing lots. In order to avoid this from happening, you should bid the highest amount possible.**

10. NOTICE OF ACCEPTANCE OR REJECTION

Notice by the Government of acceptance or rejection of the bid shall be deemed to have been sufficiently given when faxed or mailed to the bidder or their duly authorized representative at the fax/phone number or address indicated in the bid. The processing of the bid deposit by the Government shall not, in itself, constitute acceptance of the bidder's offer. The Government reserves the right to reject any or all bids or portions thereof for any reason.

11. SALE SUSPENSION OR CANCELLATION

The Government reserves the right to temporarily suspend or cancel the Sealed Bid Sale for any reason without accepting a bid and resume or start a new sale at any time. In the event of a temporary suspension due to unforeseen circumstances, the Government will advise all known bidders on GSA's website at disposal.gsa.gov and provide the new bid opening time and date and the sale will proceed according to the bidding terms described herein. The Government reserves the right to cancel the sale at any time and Bid Deposits will be returned to bidders without interest or further obligation by the Government.

12. TRANSACTION CLOSING

Upon acceptance of a bid, the Earnest Money shall be applied towards payment of the Purchaser's obligation to the Government. The transaction will close through escrow as described above in General Terms of Sale, Paragraph 16, Tender of Payment and Delivery of Instrument of Conveyance.

13. REFUND OF BID DEPOSITS

Bid Deposits accompanying bids that are rejected will be refunded to bidders without interest. Bid Deposits received from the second highest bidder will be held as stipulated in Instructions to Bidders for Sealed Bid, Paragraph 14, Back-up Bidder below. All other Bid Deposits will be processed within 3 business days for refunds after the date of the bid opening. Refunds by U.S. Treasury check or by EFT will be processed in a timely manner but may require several weeks to complete.

14. BACKUP BIDDER

The second-highest bidder will be the Backup Bidder. The bid of the Backup Bidder may be considered for acceptance for the duration of Continuing Offer period described in General Terms of Sale, Paragraph 15, if the original High Bidder is unable to fully complete the transaction according to the terms and conditions of the IFB. The Bidder identified as the Backup Bidder agrees that their Bid remains a bona fide offer with which their Bid Deposit may be retained without interest, until the High Bidder is awarded. When the Backup Bidder is converted to the High Bidder, all terms, conditions and agreements described in the IFB are applicable to the successful bidder.

The Bid Deposit of the Backup Bidder will be returned as described in Instructions to Bidders for Sealed Bid, Paragraph 13, Refund of Bid Deposits, if the Backup Bidder is not converted to the High Bidder. In the event that the Government is unable to complete the transaction with the highest or backup bidder, the Government reserves the right to consider the remaining bid(s) and accept a bid that is in the best interest of the Government.

15. ADDITIONAL INFORMATION

GSA will provide additional copies of this IFB and make every effort to answer requests for additional information concerning the Property to facilitate preparation of bids. Each bid shall be deemed to have been made with full knowledge of all terms, conditions, and requirements contained in this IFB and any amendments made thereto prior to bid acceptance. Bidders may also review the information pertaining to the Property at disposal.gsa.gov or RealEstateSales.gov.

16. WAIVER OF INFORMALITIES OR IRREGULARITIES

The Government may, at its election, waive any minor informality or irregularity in bids received.

NOTICES AND COVENANTS

The following Notice and Covenants will be inserted in the Quitclaim Deed.

1. NOTICE OF PRESENCE OF LEAD-BASED PAINT FOR NON-RESIDENTIAL REAL PROPERTY CONSTRUCTED PRIOR TO 1978.

Every Grantee of any interest in real property on which a building was built prior to 1978 is notified that such property may present exposure to lead from lead-based paint that may place young children at risk of developing lead poisoning. Lead poisoning in young children may produce permanent neurological damage, including learning disabilities, reduced intelligence quotient, behavioral problems, and impaired memory. Lead poisoning also poses a particular risk to pregnant women. The seller of any interest in residential real property is required to provide the buyer with any information on lead-based paint hazards from risk assessments or inspections in the seller's possession and notify the buyer of any known lead-based paint hazards. A risk assessment or inspection for possible lead-based paint hazards is recommended prior to converting the Property to a residential dwelling.

2. NOTICE OF THE PRESENCE OF ASBESTOS.

- a. The Grantee is warned that the Property contains asbestos-containing materials. Unprotected or unregulated exposures to asbestos in product manufacturing, shipyard, and building construction workplaces have been associated with asbestos-related diseases. Both the Occupational Safety and Health Administration (OSHA) and the Environmental Protection Agency (EPA) regulate asbestos because of the potential hazards associated with exposure to airborne asbestos fibers. Both OSHA and EPA have determined that such exposure increases the risk of asbestos-related diseases, which include certain cancers and which can result in disability or death.
- b. Grantee is invited, urged, and cautioned to inspect the Property to be sold prior to submitting a bid. More particularly, Grantee is invited, urged, and cautioned to inspect the Property as to its asbestos content and condition, and any hazardous or environmental conditions relating thereto. The Government will assist Grantee in obtaining any authorization(s) which may be required in order to carry out any such inspection(s). Grantee shall be deemed to have relied solely on their own judgment in assessing the overall condition of all or any portion of the Property including, without limitation, any asbestos hazards or concerns.
- c. No warranties either express or implied are given with regard to the condition of the Property including, without limitation, whether the Property does or does not contain asbestos or is or is not safe for a particular purpose. The failure of any Grantee to inspect, or to be fully informed as to the condition of all or any portion of the Property offered, will not constitute grounds for any claim or demand for adjustment or withdrawal of a bid or offer after its opening or tender.
- d. The description of the Property set forth in this IFB and any other information provided therein with respect to said Property is based on the best information available to the disposal agency and is believed to be correct, but an error or omission, including but not limited to the omission of any information available to the agency having custody over the Property and/or any other Federal agency, shall not constitute grounds or reason for nonperformance of the contract of sale, or any claim by the Purchaser against the Government including, without limitation, any claim for allowance, refund, or deduction from the purchase price.
- e. The Government assumes no liability for damages for personal injury, illness, disability or death, to the Grantee, or to the Grantee's successors, assigns, employees, invitees, licensees, or any other person subject to Grantee's control or direction, or to any other person, including members of the general public, arising from or incident to the purchase, transportation, removal, handling, use, disposition, or other activity causing or leading to contact of any kind whatsoever with asbestos on the Property which is the subject of this sale, whether the Grantee, its successors or assigns has or have properly warned or failed properly to warn the individual(s) injured.

- f. The Grantee further agrees that in its use and occupancy of the Property it will comply with all Federal, state, and local laws relating to asbestos.

3. HAZARDOUS SUBSTANCE NOTIFICATION

- a. Notice Regarding Hazardous Substance Activity. Pursuant to 40 CFR 373.2 and Section 120(h)(3)(A)(i) of the Comprehensive Environmental Response, Compensation and Liability Act of 1980, as amended (CERCLA) (42 U.S.C. §9620(h)(3)(A)(i)), and based upon a complete search of agency files, the United States gives notice that no hazardous substances have been released or disposed of or stored for one year or more on the Property.
- b. CERCLA Covenant. Grantor warrants that all remedial action necessary to protect human health and the environment has been taken before the date of this conveyance. Grantor warrants that it shall take any additional response action found to be necessary after the date of this conveyance regarding hazardous substances located on the Property on the date of this conveyance.
 - 1) This covenant shall not apply:
 - (a) in any case in which Grantee, its successor(s) or assign(s), or any successor in interest to the Property or part thereof is a Potentially Responsible Party (PRP) with respect to the Property immediately prior to the date of this conveyance; OR
 - (b) to the extent that such additional response action or part thereof found to be necessary is the result of an act or failure to act of the Grantee, its successor(s) or assign(s), or any party in possession after the date of this conveyance that either:
 - (i) results in a release or threatened release of a hazardous substance that was not located on the Property on the date of this conveyance; OR
 - (ii) causes or exacerbates the release or threatened release of a hazardous substance the existence and location of which was known and identified to the applicable regulatory authority as of the date of this conveyance.
 - (iii) in the case of a hazardous substance(s) previously unknown by Grantor and Grantee as of the date of this conveyance but which is hereafter discovered by Grantee, its successor(s) or assign(s), or any party in possession and where after such discovery, Grantee, its successor(s) or assign(s), or any party in possession thereafter causes or exacerbates a release or threatened release of such hazardous substance(s).
 - 2) In the event Grantee, its successor(s) or assign(s), seeks to have Grantor conduct any additional response action, and, as a condition precedent to Grantor incurring any additional cleanup obligation or related expenses, the Grantee, its successor(s) or assign(s), shall provide Grantor at least 45 days written notice of such a claim. In order for the 45-day period to commence, such notice must include credible evidence that:
 - (a) the associated contamination existed prior to the date of this conveyance; and
 - (b) the need to conduct any additional response action or part thereof was not the result of any act or failure to act by the Grantee, its successor(s) or assign(s), or any party in possession.
- c. Access. Grantor reserves a right of access to all portions of the Property for environmental investigation, remediation or other corrective action. This reservation includes the right of access to and use of available utilities at reasonable cost to Grantor. These rights shall be exercisable in any case in which a remedial action, response action, or corrective action is found to be necessary after the date of this conveyance, or in which access is necessary to carry out a remedial action, response action, or corrective action on adjoining property. Pursuant to this reservation, the United States of America, and its respective officers, agents, employees, contractors, and subcontractors shall have the right (upon reasonable advance written notice to the record title owner) to enter upon the Property and conduct investigations and surveys, to include drilling, test-pitting, borings, data and records compilation and

other activities related to environmental investigation, and to carry out remedial or removal actions as required or necessary, including but not limited to the installation and operation of monitoring wells, pumping wells, and treatment facilities. Any such entry, including such activities, responses or remedial actions, shall be coordinated with record title owner and shall be performed in a manner that minimizes interruption with activities of authorized occupants.

4. AS-IS, WHERE-IS PROVISION

- a. Grantee agrees and acknowledges that Grantor is selling the Property strictly on an “as is, where is”, with all faults basis, without warranty, express or implied, with any and all latent and patent defects. Grantee acknowledges that Grantor has made the Property available for inspection by Grantee and Grantee’s representatives. Grantee has inspected, or will have inspected prior to closing, the physical condition of the Property to the extent felt necessary by Grantee, including all improvements thereon, and accepts title to the same “as is” in its existing physical condition. Grantee acknowledges that it is not relying upon any representation, warranty statement or other assertion of the United States of America, as Grantor, including its agencies or any official, agent representative or employee of the foregoing, with respect to the Property’s conditions. except as set forth in the contract, Grantee is relying solely and wholly on Grantee’s own examination of the Property, is fully satisfied with the Property, and accepts any liabilities or costs arising in connection with the condition of the Property, including, but not limited to any costs or liabilities pertaining to any environmental condition on the Property. Except as set forth in Section (c), below, the United States of America and its agencies disclaim any and all express or implied warranties and specifically make no warranties of title, habitability, merchantability, suitability, fitness for any purpose, or any other warranty whatsoever. Grantee is put on notice that any prior grant and/or encumbrance may be of record and Grantee is advised to examine all public records available regarding the Property.
- b. No employee or agent of Grantor is authorized to make any representation or warranty as to the quality or condition of the Property, merchantability, suitability or fitness of the Property for any use whatsoever, known or unknown to Grantor, or compliance with any environmental protection, pollution or land use laws, rules, regulations, orders, or requirements including, but not limited to, those pertaining to the handling, generating, treating, storing, or disposing of any hazardous waste or substance. In no event shall Grantor be responsible or liable for latent or patent defects or faults, if any, in the property or for remedying or repairing the same including, without limitation, defects related to asbestos or asbestos containing materials, lead, lead-based paint, underground storage tanks, mold, radon or hazardous or toxic materials, chemicals or waste, or for constructing or repairing any streets, utilities or other improvements shown on any plat of the Property.
- c. Nothing in this “as is, where is” provision will be construed to modify or negate the Grantor’s obligation under the CERCLA covenant or any other statutory obligations.

5. HISTORIC PRESERVATION COVENANT. Grantee covenants and agrees for itself, its successors and assigns and every successor-in-interest to the Property (as described below), or any portion thereof, to be bound by the terms, conditions and restrictions of this preservation covenant. Unless otherwise noted, this covenant utilizes the definitions in 36 CFR Part 800 (2004), and particularly 36 CFR §800.16 (2004).

1. **Historic Property Description.** Grantee covenants, acknowledges, and agrees to preserve the Historic Property and setting in accordance with the terms and conditions of this covenant. The “Historic Property” consists of that portion of the Property depicted in MOA Attachment 2- Sketch of Historic Property and APE (attached hereto) and any improvements thereon, including without limitation San Carlos Irrigation Project’s old Headquarters (“SCIP old HQ”) building. The Historic Property and its setting are described in detail in the State of Arizona Historic Property Inventory Form (“HPIF”), dated June 21, 2004. A copy of the HPIF is attached to the *Memorandum Of Agreement By And Among The United States Of America Acting By And Through Its General Services Administration, The Arizona State Historic Preservation Office Regarding The Conveyance And*

Preservation Of San Carlos Irrigation Project Old Headquarters Building Located At 255 W. Roosevelt Avenue, Coolidge, AZ ("MOA"), dated __ day of _____, 20__, and filed with the Advisory Council on Historic Preservation ("ACHP"). It noted, among other items, the following facts:

- a. The Historic Property is eligible for the National Register of Historic Places ("NRHP") based on its significance on a local level under Criterion A as a contributing feature to the NRHP-eligible historic district encompassing the San Carlos Irrigation Project's Irrigation Component. It is also significant on a local level under Criterion A as Coolidge's first federal building, constructed six years after the town's 1925 founding.
 - b. SCIP old HQ building is a 6,745 square foot brick and stucco building with a design based loosely on a flat-roof Spanish Eclectic architectural style. It is a one-story building with a small two-story wing off the south elevation and a full basement, constructed in 1931, and a one-story addition to the west elevation that was constructed in the 1940s.
 - c. SCIP old HQ is a one-story building, but appears taller because of a deep truss roof system that slopes to drain toward scuppers hidden behind a plain parapet. The trusses are supported on five piers projecting from the front façade. The interior was originally one large room with a small private office in the southeast corner and a skylight in the main room.
 - d. Character defining features ("Character Defining Elements" or "CDE(s)") of the Historic Property include: Exterior white stucco walls with projecting piers and beam, roofline, all door and window openings including those which have been infilled with wood, original wood double-hung windows, and scupper openings.
 - e. Features within the Historic Property that are not CDEs include: Center ramp and handrails, flagpole, landscaping, four short concrete piers, non-original aluminum windows and doors, and all interior features including walls, suspended ceilings, carpets, and window coverings.
2. **Alterations or Use Changes.** Grantee hereby covenants and agrees to comply with the following terms and conditions regarding any alterations to the Historic Property.
- a. Standards: Grantee covenants and agrees to perform exterior alterations to the Historic Property in compliance with the Secretary of the Interior's Standards for Rehabilitation ("Secretary's Standards") and prevailing applicable codes. The requirement to use the Secretary's Standards is limited to the following types of alterations: additions to the building; changes to the roofline or exterior elevations; alterations to any of the windows, doors, or their openings; and exterior painting.
 - b. Plan Review: Grantee covenants and agrees to submit to SHPO, for review and approval, all plans and applications for alteration of the Historic Property as required by Paragraphs 2, 3, 4, 5, and 6 of this covenant. SHPO will review the plans in accordance with Arizona Revised Statutes, Chapter 4.2, Article 1, ("A.R.S. §41-861 et seq."), (attached hereto as MOA Attachment 3 – Guidelines for the State Historic Preservation Act), the Secretary's Standards, and prevailing applicable codes. SHPO will provide written comments to Grantee within thirty (30) calendar days of receipt of each submittal.
 - c. Prohibition of Alterations to the Historic Property: Grantee covenants and agrees to not perform any alteration (e.g. removal of significant and original historic materials and CDEs, addition of material which may affect historic materials, or new construction), or permit any inaction that would materially affect the Historic Property without the prior written approval of SHPO, in accordance with Paragraph 2b hereof. Written approval of the SHPO, which shall not

be reasonably withheld or denied, shall be required prior to installing any signage, undertaking any work which requires a permit, or altering paint colors on original materials or within CDEs of the Historic Property. If the SHPO's approval is not provided, such activities may not occur.

3. **Ground Disturbing Activities.** Grantee covenants and agrees to not perform material disturbance of any ground surface without first having a qualified archaeologist obtain a site records check from the Arizona State Museum, Archaeological Records Office, which is the repository for archaeological survey records, and perform a sensitivity analysis. The sensitivity analysis shall be provided to SHPO for their review and comment within a 30 calendar day period prior to performing any ground disturbance.
4. **Professional Qualifications Standards.** Grantee hereby covenants and agrees that all historical, archaeological, architectural history, architectural, and historic architectural work carried out pursuant to this covenant shall be conducted by or under the direct supervision of an individual or individuals who meets, at a minimum, the applicable Secretary of the Interior's Professional Qualifications Standards for conducting the appropriate work (48 FR 44738-9, September 29, 1983).
5. **Maintenance Program.** Grantee hereby covenants and agrees that:
 - a. Grantee shall preserve and maintain the Historic Property in a manner that preserves and maintains its attributes that contribute to the eligibility of the Historic Property for inclusion in the National Register of Historic Places. Grantee agrees at all times to maintain the Historic Property in good repair and in a clean and safe condition and in a manner that will not exacerbate the normal aging of the Historic Property or accelerate its deterioration, all in accordance with the recommended approaches set forth in the Secretary's Standards, and in consultation with the SHPO.
 - b. Commencing upon the effective date of this covenant, Grantee shall promptly take commercially reasonable actions to secure the Historic Property from the elements, vandalism and arson, and shall carefully undertake any stabilization that is necessary to prevent deterioration, using the Secretary's Standards and National Park Service Preservation Briefs.
 - c. Grantee shall conduct seismic analyses of the Historic Property, if necessary, prior to any ground disturbing activity that may affect the structural integrity of the Historic Property, and as warranted thereafter. Grantee shall take into consideration the results of seismic analyses, so that the structural integrity of the Historic Property is not adversely affected by such activities, and shall provide the results of seismic analyses to the SHPO for its review and comment within a 30 calendar day period prior to said activity.
6. **Casualty Damage to the Property.** Grantee hereby covenants and agrees that:
 - a. Immediate rescue and salvage operations are not subject to this Paragraph, but rather are subject to Paragraph 7.d below. Subject to Paragraph 6.b below, if there is damage to the Historic Property resulting from casualty loss, Grantee shall repair or restore, as appropriate, the Historic Property in compliance with the Secretary's Standards unless it is not feasible to do so because of commercial or physical infeasibility, legal requirements or other circumstances. If it is not feasible because of commercial or physical infeasibility, legal requirements or other circumstances to repair or restore the Historic Property in compliance with the Secretary's Standards, Grantee shall consult with the SHPO on other redevelopment alternatives and modifications of the Historic Property, which must adhere to the Secretary's Standards. All cost and expense of the design and construction of any such redevelopment alternative or modifications shall be borne by Grantee.

- b. In the event of damage to the Historic Property, whether covered by Paragraph 6.a above or by any other provision of this covenant, Grantee shall, in addition to all other obligations of this covenant, promptly take all steps necessary to render any undamaged portions or remains of the Historic Property in a reasonably safe condition and promptly take all commercially reasonable efforts to render the same in a secure and watertight condition and to minimize additional damage to the Historic Property.

7. Discoveries, Unanticipated Adverse Effects Situations, and Emergencies. Grantee hereby covenants and agrees that:

- a. In accordance with A.R.S. §41-861 et seq., Grantee will provide for the protection, evaluation and treatment of any additional historic property discovered prior to or during future construction on the Historic Property. Should a discovery occur, Grantee will notify the SHPO within three (3) business days (not including a federal or state holiday) to consult on the development of an appropriate treatment plan prior to resuming construction operations in the vicinity of the discovery. The Grantee shall then implement the treatment as per the agreed-upon plan. A report of the findings would then be submitted to the SHPO for review and comment within a 10-day period, prior to resumption of the subject construction.
- b. All materials and records resulting from the data recovery shall be curated by an institution or organization selected by Grantee in consultation with the SHPO. Any reports generated shall be prepared according to the U.S. Department of the Interior's Format Standards for Final Reports of Data Recovery Programs (42 FR 537-79) and shall be provided to the institution or organization and to SHPO for review and comment within a 30 calendar day period.
- c. If unanticipated adverse effects occur to the Historic Property, Grantee shall consult with the SHPO of the unanticipated adverse effect within three (3) business days (not including a federal or state holiday) of learning of such unanticipated adverse effect, and for any efforts in response to these unanticipated adverse effects, Grantee shall comply with relevant Stipulations of this covenant.
- d. Grantee shall ensure that any immediate rescue and salvage operations it undertakes on the Historic Property that are:
 - 1. required because of an emergency (i.e., a disaster or emergency declaration by the president, the governor, the mayor, or another threat to life or property) that adversely affects the Historic Property; and
 - 2. necessary to preserve life or property, shall be carried out in accordance with any emergency orders or citations issued by the appropriate above cited official of Arizona or the United States, as applicable. Grantee shall use its best efforts to notify the SHPO and Grantor of such operations within three (3) business days after commencement of such operations. Nothing in this deed restriction shall be deemed to prevent Grantee from taking immediate rescue and salvage operations on the site as necessary in an emergency to prevent the loss of life or property.

8. Inspection. Grantee hereby covenants and agrees that the SHPO or Grantor may, subject to reasonable prior notice in writing to Grantee, periodically perform reasonable visits to the Historic Property to ascertain whether Grantee is complying with the conditions of this covenant. The SHPO or Grantor and Grantee shall cooperate in scheduling such visits.

9. **Dispute Resolution.** Grantee hereby covenants and agrees that if a dispute arises out of or relates to this covenant, or the breach thereof, and the dispute cannot be settled through negotiation, Grantee or any other party seeking to enforce the protections afforded by this covenant hereby agree first to attempt in good faith to settle the dispute by mediation, before resorting to litigation. Grantee's responsibilities to carry out all other actions subject to the terms of this covenant that are not the subject of the dispute remain unchanged.
10. **Communications.** Grantee hereby covenants and agrees that any notice or other communication required or permitted to be given under this covenant shall be sufficiently given or delivered if provided in writing and transmitted by personal messenger, certified mail, return receipt requested, or overnight delivery service with receipt confirmation, and addressed as follows:
